

Central Banks are *eliminating cash!*

What happens if the grid goes down?

CASH WORKS when ...

- there is a power outage or internet outage
- the card reader malfunctions
- your SMARTphone battery dies

CASH IS KING. USE IT OR LOSE IT

Boycott “cashless” businesses

Central Bank Digital Currency (CBDC) will replace all cash money with a digital currency. The Central Bank will have FULL control over your money. **They will monitor every transaction you make, limit your purchases, freeze, and even delete your funds with the click of a mouse.** CBDC is promoted as a convenience to make your financial life safer. **The truth is that it will mean TOTAL loss of control for all of us.** Your digital funds will be connected to your Digital ID, which will be connected to your vaccine status and social credit score. **The Central Banks are private corporations** - they are NOT run by, or directed by any government.

Digital ID is an electronic version of government ID. Under the guise of convenience and security, governments and corporations are implementing **Digital ID**. All aspects of your life will be consolidated and monitored. The government will have **FULL** control & access to your medical & vaccine records, bank records, passport, travel records, licenses and employment records. Having one all-encompassing **Digital ID** will allow any agency to **"cancel"** YOU with the click of a mouse.

Digital ID + CBDC + SMARTcity = DIGITAL PRISON

Should anyone have that much control over YOUR life?
